

國立陽明交通大學應用數學系

學術演講公告

主講人：余冠儒 教授（高雄師範大學 數學系）

講 題：On the study of phylogenetic networks

時 間：110 年 12 月 7 日(星期二) 下午 2:00 –3:00

地 點：(光復校區) 科學一館 223 室

Abstract

Phylogenetic networks have replaced phylogenetic trees in many applications in biology within past few decades. Biologists are particularly interested in some classes of phylogenetic networks. In this talk, I will present our recent work of counting the major classes of phylogenetic networks which are believed to be of great help to the study of phylogenetics. Moreover, I will also outline some open problems which we plan to handle in the near future.
