

# 國立交通大學應用數學系 大學部學生選課規定事項

## Regulations for Course Selections by Undergraduate Students in The Department of Applied Mathematics at NCTU.

104 學年度入學新生適用  
Applicable from Fall 2015 and thereafter

- 1、本系必修科目及學分數，如附件。

To learn more about the Department's course requirements and total number of required credit-hours for the completion of the undergraduate program, please see the attached file.

- 2、微積分(一)成績未達四十分者，不得選修微積分(二)。

A student who obtains a score which is less than 40 in Calculus I will not be allowed to enroll in Calculus II.

- 3、凡學生修習微積分(一)、(二)，平均成績超過五十分(含)，且經分析導論任課老師同意者，得修習分析導論。

Upon obtaining permission from an instructor teaching Introduction to Analysis, a student who has achieved an average which is more than or equal to 50 points in Calculus I and Calculus II may enroll in Introduction to Analysis taught by the same instructor.

- 4、分析導論(一)成績未達四十分者，不得選修分析導論(二)。

A student who obtains a score which is less than 40 in Introduction to Analysis I will not be allowed to enroll in Introduction to Analysis II.

- 5、本系轉學生已修習微積分成績及格，或經轉學考試微積分成績符合本系微積分教學委員所訂標準，得免修微積分。微積分學分數之移轉(transfer)，依註冊組之規定辦理。其它科目的抵免，由

相關系所協助認定。

1. A transfer student who has achieved passing scores in (a year-long sequence of) Calculus courses offered by another institute (or outside the Department), or has obtained a score meeting the criteria of the Calculus Teaching Committee in the transfer exam, will be allowed to waive the course requirements on Calculus. The transfer of credit-hours for the Calculus courses will be processed in accordance with the regulations of the Division of Registration. Waiving of other course requirements will be determined through corroboration from related departments or institutes.

6、本系學生除本系規定之必修科目外，須選修本系所開 6 學分之選修課程且成績及格。

Apart from the mandatory courses as required by the Department, a student has to obtain passing scores in elective courses with a total of at least 6 credit-hours offered by the Department.

7、本系必修課不論第一次或重修都必須在本系修。特殊情況得向課程委員會提出申請，經同意後方得不在本系修。

A student must take each mandatory course in the Department, regardless of whether it is the student's first attempt at passing the course or not. Under very special circumstance, a student may be allowed to take a mandatory course in another institute only through (and after) obtaining permission from the Course Committee.
